

**NATIONAL SEMINAR
ON
GEOSYNTHETICS
AND
REINFORCED EARTH**

17 - 18 AUGUST 1992

PROCEEDINGS

Edited by

A.V. SHROFF
D.L. SHAH

INDIAN GEOTECHNICAL SOCIETY
BARODA CHAPTER
APPLIED MECHANICS DEPARTMENT
FACULTY OF TECHNOLOGY & ENGINEERING
M.S. UNIVERSITY OF BARODA
VADODARA.

C O N T E N T S

SPECIAL PAPERS

S.1.	Geosynthetics in Water Resources Projects N. B. Desai	S.1
S.2.	Geosynthetics Reinforced Structures-A Cost Appraisal G. V. Rao	S.14
S.3.	Mechanisms of Reinforcing Soils with Geosynthetics N. M. Patel	S.35
S.4.	Use of Geosynthetics in Modern Geotechnical World-A State-of-Art J. N. Mandal	S.50
S.5.	Inovations in Track Support System Using Geosynthetics A. Azeem	S.56
S.6.	Use of Geogrids in Slope Protection P. J. Rao	S.61
S.7.	General Acceptance of Geosynthetics- Technical Concerns A. V. Shroff	S.68

TECHNICAL SESSION 1

THEME A : Characteristics of Geosynthetics - in Isolation and in soil

A.1.	Selection Criteria of Geotextiles : Present Day Status Deepak kumar De, A. B. Tewary	A.1
A.2.	Behaviour of Geosynthetics in Consolidation Test J. N. Mandal, D. G. Divshikar	A.6
A.3.	Geotextiles : Properties and Uses in Roads A. B. Tiwary, R. N. Dalal	A.9
A.4.	Evaluation of Some Indigenous Nonwoven Geotextiles N. M. Patel, S. S. Pathak	A.15
A.5.	Geotextiles-wide-width Test - A Critical Appraisal A. V. Shroff	A.21
A.6.	Geotechnical Evaluation of Textile Fibres V. H. Kapadia	A.33
A.7.	Undrained Shear Strength of Reinforced Cohesive Soils R. M. Bhagia, S. H. Mistry	A.40
A.8.	Use of Geotextile for Improvement of Strength Characteristics in Geotechniques. Late Piyush Parikh, Smt. V. M. Mankad, J. M. Shah	A.46
A.9.	Permeability Testing A. K. Verma, G. V. Rao	A.57
A.10.	In-Soil creep Behaviour of Polymeric strip Reinforcement M.G.Raichur,Dr. U.D.Datir,A.S.Patel,H.P.Pandya,J.M.Shah	A.62
A.11	Study of Soil-Reinforcement Friction Coefficient Anandji K. Shah, Narayan C. Madhani	A.76

THECHNICAL SESSION 2

THEME B : Geosynthetics as Separation and Reinforcement

B.1.	Lime Treated Flyash Reinforced with Non-woven Geofibers G. Murtaza, S. Arshad Raza, Sanjeev Kumar	B.1
B.2.	Bearing Capacity of Soil Reinforced with Geotextile G. N. Gandhi, Miss M. R. Patel	B.8
B.3.	A Laboratory Study of the Effects of Geotextile on the CBR of Hilly Subgrade Soil (Gravelly Soil) K. Jha, S. N. Choudhary	B.19

- B.4. Improvement of Clayey Subgrade Using Geosynthetics
N. M. Patel B.2
- B.5. Influence of Geotextile Reinforcement on CBR value of Alluvial Soils
R. K. Srivastava, R. P. Tiwari, M. K. Gupta B.3
- B.6. Geotextiles as Reinforcement to Weak Subgrade
A. V. Shroff B.3
- B.7. Influence of Geotextile on Strength of Marine Clay
Deshmukh A. M., Padmakumar B. B.4

TECHNICAL SESSION 3
THEME C : Reinforced Earth - I

- C.1. Bearing Capacity of Sand Reinforced with Vertical Polyethylene Columns
T. M. Faisal, J. Joseph, T. S. Ramanatha Ayyar C.1
- C.2. Finite element Analysis of a Geogrid Reinforced Soil Wall
Richard J. Bathurst, Rajagopal Karpurapu, Peter M. Jarrett C.1
- C.3. Model Studies for Pressure Distribution Against Retaining Wall with Sand Backfill Reinforced with Metal Strips
Late Piyush Parikh, R. M. Bhagia, S. M. Patel C.2
- C.4. Model Studies for a Retaining Wall with Sand Backfill Reinforced with Netlon Under Tension
Late Piyush Parikh, Chetas Desai C.3
- C.5. Study of a Model Reinforced Earth Wall
R. M. Bhagia, H. B. Patel C.3
- C.6. Pressure Settlement Behaviour Of Reinforced Dune Sand Under Strip Footings
M. L. Ohri, G. R. Chowdhary, R. P. Mathur C.4
- C.7. Model studies for lateral pressure Against Retaining Wall Backfilled with sand and Reinforced with Netlon Under No Tension
Late Piyush Parikh, A. R. Katti C.5

TECHNICAL SESSION 4
THEME D : Reinforced Earth - II

- D.1. A CAD Study on Soil reinforcement
C. Subbaarao, S. Mukherjee D.1
- D.2. Strength Behaviour and Prediction Studies on Geotextile Reinforced Alluvial Soils of Northern India
R. K. Srivastava, R. P. Tiwari, M. K. Gupta D.1
- D.3. The Behaviour of Reinforced Soil Walls Constructed by Different Techniques
A. McGown, K. H. Loke, R. T. Murray D.1
- D.4. Study of the Effects of Reinforcement in the Foundation Using Netlon
R. M. Bhagia, N. H. Joshi D.2
- D.5. Geotextile as a Reinforcing Material - A Theoretical Study
P. Jagannatha Rao, S. N. Doshi, S. Saha, Bindumadhava D.3
- D.6. Bearing Capacity of Reinforced Soil Beds
Patel N. M., Patel T. S. D.4
- D.7. Development of Jute Based Non-woven And Geo-textiles for Reinforced Earth
Dr. S. N. Pandey, Mr. A. K. Majmudar D.5

TECHNICAL SESSION 5

THEME E : Filtration, Drainage and Consolidation Embankment

- | | | |
|------|---|------|
| E.1. | Radial Consolidation of Kaolinite Clay by Jute Drain
A. V. Shroff, A. K. Tiwari | E.1 |
| E.2. | Influence of Sandwick Drain on Radial Consolidation of
Kaolinitic Soft Clay
A. V. Shroff, P. B. Shah | E.9 |
| E.3. | A New Design Chart for Reinforced Embankments
M. Soubra, C. Coulet, M. CFMS, D. Rakotondramanitra | E.15 |
| E.4. | Stability Analysis of Geotextile - Reinforced Embankment
N. M. Patel | E.24 |
| E.5. | Reinforced Emabnkments on Weak Foundation
P. Jaganntha Rao, B. V. S. Viswanadham | E.31 |
| E.6. | Reinforced Soil Surface Water Storage Tank
L. M. Shah, J. M. Shah | E.43 |
| E.7. | Geosynthetic Applications on Railway Formations
Potential Evaluation on India Railways
A. Azeem, A. Ali | E.52 |

THECHNICAL SESSION 6

THEME F : Canal Lining, Embankment, Erosion Control, case Studies and Miscellaneous

- | | | |
|------|---|-------|
| F.1. | Remedial Measures to Unstable Canal Cut Slopes with
Geogrid Reinforcements
S. Boominathan, R. Ananth | F.1 |
| F.2. | Experience of Plastics Film for Lining of Canals and
Reservoirs
Rabi Gayen | F.12 |
| F.3. | Grouted Geotextile Mattress for Canal Lining
Late Piyush Prikh, A. V. Shroff, D. L. Shah | F.20 |
| F.4. | Impervious Canal Liner in Aeolian Sands of Western Thar
Desert Region
Banwar Dan Bithu | F.27 |
| F.5. | Geomembrane in Canal Lining
K. R. Saxena | F.35 |
| F.6. | Geosynthetics - An Effective Solution to Problematic
Road Sites
M. G. Raichur, C. K. Panwala, S. J. Parikh, M. P.
Pandya | F.42 |
| F.7. | Application of Geotextile in Earth Dam of Gujarat
Dalal H. C., Bhatt M. N., Dave A. A. | F.54 |
| F.8. | Geosynthetics as Erosion Control Measure - A Case Study
M.G.Raichur, Dr. U.D.Datir, A.S.Patel, Smt. V.M.Mankad | F.61 |
| F.9. | Experimental Roads Using Geotextile in Command Area of
South Gujarat
M.G. Raichur, C.K. Panwala, S.J. Parikh, S.N. Kabbur | F.68 |
| F.10 | Geosynthetics Application in Gujarat
M.G.Raichur, Dr. U.D.Datir, A.S.Patel, J.M.Shah | F.93 |
| F.11 | Lining of Perennial Canals Under Flowing Conditions
J. F. Mistry, D. J. Ketkar, C. D. Thatte, U. D. Datir | F.105 |
