**INDIAN GEOTECHNICAL SOCIETY  
BARODA CHAPTER**

IN ASSOCIATION WITH

APPLIED MECHANICS DEPARTMENT, MS UNIVERSITY OF BARODA

**Proceedings Volume  
Of  
National Training Course**

On

**CHEMICAL SEALING, WATERPROOFING  
COMPOUNDS AND GROUTING/DEEP INJECTION**

(SEWAGI-09)  
27<sup>TH</sup> JUNE – 2009

**Indian Geotechnical Society, Baroda Chapter  
Race Course Circle, GERI Campus,  
VADODARA-390 007**

**NATIONAL TRAINING COURSE ON  
CHEMICAL SEALING, WATERPROOFING COMPOUNDS AND GRouting/DEEP INJECTION  
(SEWAGI-09)**

**:CONTENTS:**

**PREFACE**

<b>Chemical grouts- some important aspects</b> <b>Murari Ratnam</b>	<b>1-16</b>
<b>Time-Viscosity relationships of Newtonian and Binghamian grouts</b> <b>D.L.Shah , A.V.Shroff</b>	<b>17-28</b>
<b>Epoxy grouting in restoring integrity of hydraulic structures and monuments of national importance</b> <b>J.M. Shirke, D.P.Amin, A.V.Shroff</b>	<b>29-40</b>
<b>Uretek methods for stabilization, lifting and soil improvement</b> <b>Graham Morphett</b>	<b>41-46</b>
<b>Microfine slag cement grouts</b> <b>N.H.Joshi</b>	<b>47-61</b>
<b>Under water grouting and rehabilitation works- case study of Hirakud dam</b> <b>S.S.Basarkar, Manish Kumar</b>	<b>62-70</b>
<b>Restoration, rehabilitation and retrofitting of aqueduct</b> <b>H.P. Pandya, Kiran Misra</b>	<b>71-77</b>
<b>Water proofing compounds-Nano technology</b> <b>Ajay Ranka</b> <b>Ami Parekh</b> <b>Grouting techniques for geotechnical applications</b> <b>Y. Hari Krishna, Deepak Raj</b>	<b>78-84</b>
	<b>84 - 85</b>
