

**INDIAN GEOTECHNICAL SOCIETY  
BARODA CHAPTER**

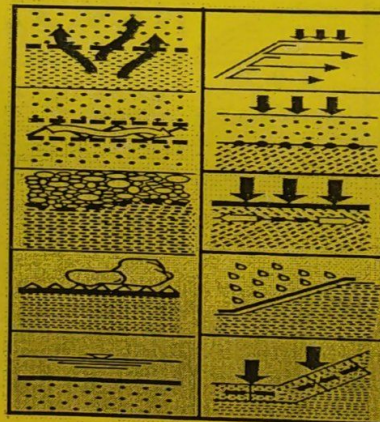

**IN ASSOCIATION WITH**

**THE INSTITUTION OF ENGINEERS( INDIA),  
VADODARA LOCAL CENTER  
AND  
APPLIED MECHANICS DEPARTMENT,  
M S UNIVERISTY OF BARODA, VADODARA**

**Proceedings Volume  
Of  
NATIONAL SEMINAR ON**

**ADVANCED APPLICATIONS  
OF GEOSYNTHETICS  
IN CIVIL ENGINEERING PRACTICE  
(AAGCE-17)**

**28<sup>TH</sup> , 29<sup>TH</sup> JANUARY – 2017**

**Indian Geotechnical Society, Baroda Chapter  
Race Course , GERI Campus, VADODARA-390007**

NATIONALSEMINAR  
On  
**ADVANCED APPLICATIONS OF  
GEOSYNTHETICS IN CIVIL ENGINEERING  
PRACTICE  
(AAGCE-17)**

**INDEX**

Sr.No.	Paper	page
1	Geosynthetic Reinforced Soil Structures- An Appraisal Dr. G. Venkatappa Rao	1
2	Geocell and other Geosynthetic Product Applications in Civil Engineering Practice- Dr J N Mandal	33
3	Testing & Evolution of Geosynthetics- Dr. G. Venkatappa Rao	40
4	Case studies on Prefabricated Vertical Geodrains at Visakhapatnam- Jai Bhagwan	58
5	Geosynthetics Technology-Past, Present & Future- Dr A V Shroff	63
6	Jute Geotextiles and its Applications in Civil Engineering Shri P K Choudhury	84
7	River Bank and Shore Protection and Geosynthetics-ITTA	85
8	Application of Geosynthetics in canal lining: case Studies Of Gujarat- Vivek P Kapadia	97
9	Lining of case studies in MSW and Holding pool Gaurav Jain	108
10	Geosynthetics in shore protection-Dr Tiru Kulkarni	125
11	Slope Protection By web Geocell – Narendra Dalmia	132
12	Reinforced Earth Walls – Case studies- Minimol Korulla	136
13	Seismic Effects on Reinforced Earth Wall – Experimental model and Field Studies-TerreArme'e International	150
14	Seepage control by geomembrane system in hydraulic structure- Subramanian v	156
